

AMENDMENTS TO THE CLAIMS

Please cancel claims 1-2 without prejudice or disclaimer of their underlying subject matter for the purpose of filing a divisional application

1-2. (canceled)

3. (currently amended) An enneahedral-cut diamond having a square or rectangular table and a pavilion formed underneath the table, which comprises:

four triangular lower-girdle facets and four lower-main facets oriented obliquely from each corner of the square or rectangular table to the culet of the gemstone, the upper opposite sides of each lower-main facet adjoining the adjacent triangular lower-girdle facets whereas the lower opposite sides of each lower-main facet adjoining the confronting lower opposite sides of the adjacent lower-main facets.

4. (original) A diamond according to claim 3, wherein each side of the square table is 2 unit lengths long, and the pavilion is 1.8 unit lengths high.

5. (original) A diamond according to claim 3 or 4, wherein it is an enneahedron having one table, four lower-girdle facets and four lower-main facets.

6. (original) A diamond assembly comprising a plurality of enneahedral-cut diamonds arranged side by side and combined with their square or rectangular tables directed inward or outward.
